

- Organization:
 - University of California, Irvine
- Lead Investigator:
 - Mark Steyvers
 - Prof. Cognitive Science and Computer Science
- Current Team Members:
 - Michael Lee (Prof. Cognitive Science)
 - Bill Batchelder (Prof. Cognitive Science)

- Research areas of interest
 - Machine Learning and Cognitive Science
 - Wisdom of Crowds
 - Bayesian models of information aggregation
 - Removing cognitive biases from human judgments
 - Unsupervised calibration of expertise
 - Aggregation of complex human judgments

- Capabilities
 - Experience with statistical machine learning methods
 - Experience with developing cognitive models
- Qualifications
 - Invited presentations on information aggregation at UAI, Google
 - Organized symposium on wisdom of crowds
 - Team members with expertise on hierarchical Bayesian modeling and consensus modeling
 - Experience with other large-scale IARPA proposal

- We are seeking:
 - industry partners
 - academic partners
